

## Climbing Roses

<i>Cl Blaze Improved</i>	<i>pure Red</i>	7.2
<i>Cl. Don Juan</i>	<i>deep velvety Red</i>	8.2
<i>Cl Eden</i>	<i>White/pink</i>	6.7
<i>Cl Iceberg</i>	<i>White</i>	8.5
<i>Cl Joseph's Coat</i>	<i>Yellow blend</i>	7.5
<i>Cl Polka</i>	<i>Apricot</i>	7.9
<i>Cl Royal Gold</i>	<i>deep Yellow</i>	7.7
<i>Cl Sally Holmes</i>	<i>White</i>	8.9

### Climbing Rose Classifications

- **Cl F-Climbing Floribunda:** Clusters of medium sized flowers
- **L Cl-Large-Flowered Climber:** Distinctively large flowers
- **Cl HT-Climbing Hybrid Tea:** Large flowers borne on single stems
- **Cl S-Shrub:** Free blooming with long arching canes
- **Cl Pol-Climbing Polyantha:** Large airy clusters of blossoms
- **Cl Min-Climbing Miniature:** Small flowered climber with proportionately smaller foliage.

Most climbing roses will reach 10—14 feet.

### Climbing Rose Pruning Tip:

Climbing roses often bloom on both old and new wood. Prune only to shape, control growth, or remove dead or damaged canes.

**We recommend** planting your new roses with:

**Rose Planting Mix, Master Start Fertilizer, Mykos mycorrhizal inoculant, and Root Master B-1.** Once planted spray with **Neem Oil** every 2 weeks in June, July, & August.

## Miniature Roses

<i>Petite Knockout</i>	<i>Red</i>
<i>Rainbow's End</i>	<i>yellow/orange</i>
<i>Sunblaze Mandarin</i>	<i>bright Orange</i>

**Miniature:** Small flowered roses with proportionately smaller foliage, often very compact in habit. Stems are also shorter but still suitable for cutting.

## Flower Carpet Roses

Bred for improved disease resistance, prolific blooming, cold hardiness & compactness as a low maintenance groundcover. Flower Carpet Roses are moderate to fast growing to 3ft high and wide.

Colors: **Amber, Coral, White, Red, Scarlet, Yellow, Pink, Pink Splash and Pink Supreme.**

### Why buy your Roses from Greenhouse Garden Center?

- We take the guess work out of rose selection. Each of our over **100 varieties** is selected especially to thrive in our unique climate.
- Our roses are grown in containers by growers we have handpicked for their outstanding achievement in plant production. This ensures that you get the best plant available!
- Because we want your gardening experience to be pleasurable and successful, each rose is backed by our **ONE YEAR 50/50 guarantee.**
- We feature rose selections with a National Garden performance rating of at least a 6.8 - *an average rose, to 10 - one of the best roses ever.*

## AARS Winners

### All-America Rose Selections

This coveted badge of quality is recognized by gardeners as insurance of exceptional performance. Roses were tested in 23 official gardens all over the U.S. in a wide range of conditions, and evaluated for 2 years by rose experts. Only truly superior roses were selected to receive this honor. The last AARS rose was chosen in 2013 and the program was discontinued. Past winners on our list are identified by this 

## Everything Roses

- Be sure to check our **Calendar of Events** for our May seminar on everything Roses!
- Talk roses with the rose representative during our Customer Appreciation Day!
- Visit our website [greenhousegardencenter.com](http://greenhousegardencenter.com) for information and pictures of your favorite roses and maybe you'll find some new favorites!
- If your club or organization is looking for a different venue to hold your meetings, think of us!

## New! for 2021

### from Weeks Roses

<i>Fun in the Sun</i>	<i>Grandiflora</i>

Valencia	Apricot, copper	HT	7.9
Veranda Lavender	Lavender	F	
Veranda Roxanne	Red	HT	
Veteran's Honor	bright Red	HT	8.3
◆ Voodoo	Orange	HT	7.5

## Rose Growing Tips

- **Mulch** your roses enough to cover the bud graft for winter protection.
- Remember to **water** your roses, and all other plants, through the winter if we get less than an inch of moisture during the month.
- When **pruning**, if the cane is 1/8 inch and larger, seal it.
- Stop **deadheading** your roses the 1st of September.
- Prune roses coming out of winter **April 15th**. Take only 30% of the shrub at any one time. Fertilize at the same time and pull the mulch away from the graft. Deadhead throughout the summer for continual bloom.
- **Fertilize** roses through the growing season. Heavy bloomers are heavy feeders.
- Spray **dormant oil** to suffocate overwintering insect eggs late winter or early spring.
- While roses can be grown in most sites, too much afternoon shade can allow mildew to occur. Being **too wet** can also cause numerous problems.

## Rose Classifications

**F-Floribunda:** Medium sized flowers mostly borne in clusters, more compact in habit, medium length stems.

**Gr-Grandiflora:** Large flowers borne in clusters, taller in habit, individual stems are suitable for cutting.

**R-Hybrid Rugosa:** Exceptionally hardy, vigorous, usually upright compact plants. Most are recurrent bloomers.

**HT-Hybrid Tea:** Large flowers generally borne one per stem, medium to tall in habit, long cutting stems.

**Poly-Polyantha:** Small flowers borne in very large clusters, compact in habit, with medium-short stems.

**S-Shrub:** Free blooming plants broadly varying in size and form, usually good disease resistance & hardiness. Most are grown on their own root.

**E/DA English:** Repeat bloomer with form and fragrance of old garden roses from David Austin.

**GC-Groundcover:** Low mounding habit with continuous bloom. Excellent for slopes & low accents.

## David's rose selection tip:

Most gardeners have the easiest to-care-for roses when they plant Shrubs, Groundcovers, Hybrid Rugosas and Miniatures.

Hybrid Teas, English, and Grandifloras need the most care and protection while the Floribunda, Climbing, and Polyanthas fall in the part-time attention group.
